### APPENDIX THREE

#### ARTICLES AND TOPICS OF ARTICLES IN THE AUSTRALIAN EVANGEL

This chart forms a summary of 215 major articles included in the *Australian Evangel* from 1930 to 1945. My collection of these magazines for this period is incomplete (only 40 copies) and some of these were severely damaged in an office fire in 1987, making some titles, in particular, difficult to read. Nevertheless, this summary is still representative of the period concerned.

Testimonies, reports, poems and articles of half a page or less are not included. Note also that in virtually every edition, some pages are devoted to children and several to reports from the mission field. These also are not included in this survey.

In 1936, the *Australian Evangel* was combined with a Queensland paper entitled *Glad Tidings Messenger*. For convenience's sake, I have used the title *Australian Evangel* throughout. The circulation of AE was less than 1000 in 1938.
